

ANNULS GREAT
NORTHERN GRANTCourt Cancels Title to Valuable
Copper Property.

ALLEGED FRAUDS IN PATENT

Land Is Located in Washington State
and Worth Six Million Dollars—Pat-
ent Was Granted to the St. Paul,
Minneapolis and Manitoba, a Subsidi-
ary of the Hill Line—Land Now
Reverts to Government.

Seattle, Nov. 7.—By a decision handed down in United States district court here by Judge Hanford a patent granted by the government to the St. Paul, Minneapolis and Manitoba railroad, a subsidiary company of the Great Northern, to a tract of copper land at Reiter, on the Skymosh in Snohomish county, was canceled. A deed given by the railroad company to the Cascade Power company was declared void. The land is worth \$6,000,000.

The decision is the outcome of a suit brought on July 24 by the Bunker Hill Smelting company, as an intervening claimant, and the United States government. The rights of the smelting company are not affected by the present decision.

The suit resulted from a dispute over the value of the land for mineral purposes.

The suit charged that Thomas A. Benton, agent for the railroad company, as late as 1905 took up the land in lieu of claims previously held by the company in the Dakotas and other states.

The complaint set forth that in 1907 the land, through fraud practiced by the defendant, was clear listed and patented. The fraud, it was charged, was contained in affidavits made at the time the patent was obtained that the land was nonmineral.

In contradiction of the sworn statement that the tract in contention contained no minerals it was set forth that the Bunker Hill company, prior to 1905, had acquired mineral claims in Snohomish county and had done \$15,000 worth of work upon them.

The land now will revert to the government. Mr. Benton has denied there was any fraud. He has said when the land was released there was no evidence it contained mineral.

PROVINCE SECURES BONDS

Important Railway Securities Case De-
cided in Alberta.

Edmonton, Alta., Nov. 7.—Justice Stuart of the supreme court of Alberta handed down a decision granting the province the right to collect from the Alberta and Great Waterways railway \$7,400,000, the proceeds from the sale of the company's bonds guaranteed by the province. In its decision the court states that the legislature did not go beyond its powers in repudiating the bonds.

The Alberta and Great Waterways Railway company was organized by W. R. Clark of Kansas City. The government guaranteed the bonds, which were sold to J. P. Morgan & Co. of New York.

Later, after a political turmoil during which the cabinet resigned and a special election was called, the legislature repudiated its guarantee. The proceeds of the bonds now are in Canadian banks.

RYAN LETS ALASKA LAND GO

Files Relinquishment on Controller
Bay Tract.

Washington, Nov. 7.—Richard S. Ryan, alleged author of the famous "Dick to Dick" letter, which started the Controller bay investigation during the extra session of congress last summer, relinquished all claim to the fifty-six-acre tract on Controller bay, Alaska, known as the Canyon creek line terminal tract.

Mr. Ryan is president of the Controller Railway and Navigation company. The claim which he relinquished lies between the claims of J. J. Ryan and A. L. Scheer, which, it is conceded, were taken in the interest of the railway and navigation company, of which Mr. Ryan is head.

CALIFORNIA PIONEER DEAD

General Pratt Arrived in Frisco on
First Steamer to Enter Harbor.

San Francisco, Nov. 7.—General William H. Pratt, who sailed into San Francisco harbor in the steamship California, the first steamer to enter the Golden Gate and who held his first federal office in this state by appointment of President Lincoln, is dead at his home in Easton, San Mateo county. He was eighty-four years of age. General Pratt was one of the organizers of the Republican party in California.

Delay Richeson's Resignation.

Cambridge, Mass., Nov. 7.—While women cried and pleaded that nothing should be done to appear in any way prejudicial to his interests members of Immanuel Baptist church voted not to accept at this time the resignation of Rev. Clarence V. T. Richeson, pastor of the church, now in jail on the charge of murdering Avis Linnell. They decided to lay the matter on the table until Nov. 24.

ASSAULT CHARGE
FAILS IN COURTWhite Man Who Hit Booker
Washington Goes Free.

PEEKING THROUGH KEYHOLE

Defendant Declares He Found Noted
Colored Educator Peering Into His
Apartment and the One Opposite on
the Evening of March 19 Last and
That Washington Started the Fight
by Striking the First Blow.

New York, Nov. 7.—Booker T. Washington, the noted negro educator, failed to obtain satisfaction at law for the beating which he suffered at the hands of Henry A. Ulrich, a white man, Sunday evening, March 19 last. Ulrich was acquitted in the court of special sessions of the charge of assault which Dr. Washington had preferred against him.

After the fight, which started in the vestibule of an apartment house where Ulrich lived, Dr. Washington was at a hospital for several days with his right ear torn, his scalp cut and his face bruised.

Provocations which the defense attempted to show were based mainly on the testimony of Ulrich, who declared that he found Dr. Washington peering into the keyhole of his apartment and also the one opposite, and that Dr. Washington struck the first blow; also the story of Mrs. Laura Alvarez, with whom Ulrich boarded. She swore that when she passed Dr. Washington he said to her, "Hello, sweetheart."

Dr. Washington's story on the stand was the same explanation he offered at the time of the altercation. He swore that he was not peering into any keyhole; that he was only searching the tenants' directory in an effort to find a family with which he understood a friend was staying and denied positively that he had spoken to Mrs. Alvarez or any other woman.

The acquittal of Ulrich was not unanimous. Justice O'Keefe dissenting from the opinion of Justices Moss and Zeller. After Ulrich left the court he was arrested again, charged with being a fugitive from New Jersey, where an indictment has been found, charging him with deserting his wife, who lives in Orange.

Dr. Washington had no comment to make on the outcome of his case.

MADERO IS INAUGURATED

New President Pale in Going Through
Simple Ceremonies.

Mexico City, Nov. 7.—Francisco I. Madero was inaugurated president of Mexico, succeeding President De la Barra, who filled in the gap after the executive now sworn in had ended the rule of Porfirio Diaz. The ceremony, which was brief and simple, took place before the members of congress in the chamber of deputies.

The inauguration of Vice President Jose M. Pino Suarez has been postponed to a date not announced.

Senator Madero has laid aside his battle clothes and was attired in a frock suit. The oath was administered by the president of the chamber of deputies.

MICHIGAN MURDER MYSTERY

Woman Found Dead and Lodger Fatal-
ly Wounded.

Calumet, Mich., Nov. 7.—Dead, with two bullet wounds in her head, Mrs. Etta Karalla, a widow, was found in her home at Franklin Junction, a small mining location near here, and lying by her side, probably fatally wounded, was Matt Hendrickson, with one bullet wound in the head.

Hendrickson informed the authorities that he found the woman dead when he entered the house and that he was shot by some unidentified person while he was looking at the body. Hendrickson roomed in the Karalla home.

HEAVY RAILWAY CASUALTIES

Report Shows 10,396 Killed and 150,
159 Injured in Year.

Washington, Nov. 7.—It's 1 to 458 that a railroad man will be killed on his job and 1 to 13 that he will be injured. The interstate commerce commission's report of railroad accidents during the twelve months ended on June 30 shows that ratio. During that period 10,396 persons were killed and 150,159 were injured on the railroads of the United States. However, of the number killed, only 386 were passengers and more than one-half the total number killed were trespassing upon railroads.

Favors Woman Suffrage.

Lansing, Mich., Nov. 7.—Governor Osborn in an interview said he hoped the women of the United States would succeed within ten years in procuring woman suffrage in every state. He said sentiment in favor of the movement was increasing in Michigan.

A. B. GARRETSON.

Head of Railway Conductors
Critiques Compensation Bill.

TAKES EXCEPTION TO BILL.

A. B. Garretson Sharply Critiques
Liability Measure.

Washington, Nov. 7.—The employ-ers' liability and workmen's compensation commission bill was sharply criticised by A. B. Garretson, president of the Order of Railway Conductors, at the meeting of the commission. Mr. Garretson took especial exception to the compulsory feature of the bill, saying that with a small maximum payment for injury and a comparatively brief time of payment the employee would desire the privilege of a choice.

W. G. Lee, president of the Brotherhood of Railway Trainmen, endorsed the commission's plan.

STORIES DIFFER IN
LORIMER INQUIRYSeveral Witnesses May Be Pro-
secuted for Perjury.

Chicago, Nov. 7.—Possibility of perjury trials as an outgrowth of the federal senatorial investigation into the Lorimer election developed when two witnesses gave testimony directly in conflict with that of two former members of the Illinois legislature.

The question of veracity as disclosed by the record of the hearings is between John A. McNeil of Olney, Ill., and E. M. Rowland of Sterling, Ill., on one side, and Thomas Tiptit of Olney and William C. Blair of Mount Vernon, Ill., on the other side of the story.

Tiptit and Blair, former Democratic members of the legislature who voted for Lorimer, have repeatedly denied that they met on the morning of July 20, 1909. Later the same day Blair appeared at a baseball game at Centralia, Ill., and is said to have displayed eleven \$100 bills. The committee of federal senators has been trying to discover who gave this money to Blair on that date.

When Tiptit was called before the committee Oct. 25 and questioned closely regarding this reported meeting with Blair he replied in the following language:

"I state positively that I did not meet him (Blair) or see him or know that he was in Olney at any time in July, 1909."

McNeil testified as follows: "I met Blair on the street in Olney on the date in question and while I was walking with him Tiptit joined us, shook hands with me and Blair and then Blair and Tiptit left me and together walked in the direction of the First National bank."

E. M. Rowland of Sterling, Ill., formerly publisher of a newspaper at Olney, corroborated McNeil by testifying that he met Blair in Olney on the morning of July 20. He also identified a newspaper item which he wrote about Blair on that date and published in his paper.

PROBABLY FATALLY SHOT

Chicagoan Makes Good Boast to
"Tackle an Armed Robber."

Chicago, Nov. 7.—Charles Schultz, a baker, made good a boast that he would not be afraid to "tackle an armed robber," and lies perhaps fatally wounded in a hospital.

Schultz had barely spoken the words when two highwaymen armed with revolvers walked into a Wentworth avenue saloon and ordered the baker, with several other men, to throw up their hands. Schultz sprang upon one of the thugs and tried to wrench the weapon from him. In the struggle that followed he was shot twice in the abdomen.

Falls Four Stories to Death.

Winnipeg, Man., Nov. 7.—W. A. Dixon, a cigar manufacturer, was stepping into the elevator in the Ash-down block when the man in charge failed to stop on a level with the floor. Dixon attempted to get into the space left between the elevator and the floor but slipped and fell four stories to the basement. His body was crushed. He was one of the largest manufacturers in the West and had been connected with the trade for twenty years. He was worth \$250,000.

EVERYBODY IS
EAGER TO KNOWPeople Asking All Sorts of
Embarrassing Questions.

THE ERA OF INVESTIGATIONS.

Who Is Paying the Freight For Vari-
ous Presidential Booms?—Long Dis-
tance Government—La Follette and
Wiley as Presidential Ticket—Boost-
ing Good Roads.

By ARTHUR W. DUNN.

Washington, Nov. 7.—[Special.]—Many questions are being asked these days relative to different political happenings. For instance, there are queries as to how vigorous the steel trust suit will be pressed and whether anything can be accomplished in it before the next election. Then there are inquiries as to who is paying the expenses of the rather elaborate bureau which is boosting the presidential aspirations of Senator La Follette. Like-wise questions are asked as to how the headquarters at 42 Broadway, New York, where Wilson is being boomed for the Democratic nomination, are maintained.

The Democrats of the house of representatives are to blame. They began this investigation business. They made the question mark the symbol of politics. And now everybody feels privileged to ask how, what, why, where, etc., when anything develops in politics which is not fully understood. The questions are not without embarrassment, but the man who goes into politics cannot stop for a little thing like embarrassment.

Absent Treatment.

High officials of the government have shown a disposition to resent criticism of their absence from duty for such long periods as has become the fashion of late years. They maintain that they can take care of their departmental duties just as well when at their summer homes as if they remained in Washington during the hot summer season.

To a certain extent this is true. In fact, the government is such a well-organized machine that it would run along quite well if many of the officials never were near their offices. All that is necessary is that some one should be designated to sign the daily routine papers.

With all that has been going on abroad and all the important matters happening at home, there has been a general absence of high officials since congress adjourned. Occasionally a cabinet officer drifted in for a few days, but not because he was called here on public business.

An Afterthought.

"Here is something that the newspapers have not got on to," remarked a progressive politician. "Why have they not proposed a La Follette and Wiley ticket? That would be quite popular. By the way"—and here is the afterthought—"do you know whether Wiley is a Republican or a Democrat?" I said that Wiley was an intense Republican, but with many Democratic friends.

"That makes it all right, then. We could have a La Follette and Wiley ticket."

Alaska Self Sustaining.

Joseph A. Holmes, chief of the bureau of mines, who spent a large portion of the summer in Alaska, is confident that the big territory can be made self sustaining in the matter of food supplies. Reindeer can take the place of beef, and vegetables can be grown in large quantities. I recall a speech by George Vest in the senate on this subject when the Missouri senator ridiculed the idea of growing vegetables in Alaska.

"I have tried those vegetables," he said, "and they grow as large as anywhere on earth—immense potatoes, huge turnips and everything else—but they are nothing but water when cooked. There is no substance to them." Perhaps the agricultural department has found varieties that can be grown in far northern latitudes since Vest was in Alaska.

Take It Out of Politics.

Former Governor Gooding of Idaho, who is largely interested in wool growing, is a convert to the idea that the tariff should be taken out of politics. He will no doubt want a fair duty fixed on wool before that schedule is removed from political consideration, but he believes that if politics did not interfere there would be an adequate duty on wool. "What we want is something like stability in the wool business as in all other industries," said the ex-governor.

Booming Good Roads.

Of all the different booms and boozes which are backed by either politicians or press agencies none meets with less opposition than the movement for good roads. When it comes to making huge appropriations from the national treasury for this purpose it may be different, but at present all that seems to be in sight is just good roads. Everybody wants good roads—why, of course. Everybody is now helping along the movement and saying all he can about the value and necessity for improving the highways in every part of the country. After awhile the result of all this talk and sentiment will come forward in a bill for government money. Then it may be different.

Flowers in Tibet.

The highest point at which flowering plants have been found is in Tibet at 19,200 feet above the level of the sea.

PRINCE EITEL FRIEDRICH.

Emperor's Sons Have Set
Fashion of Air Trips at Court.

PRINCES START AERO FAD

Kaiser's Sons Make Flight in Zepp-
lin Dirigible.

Berlin, Nov. 7.—Prince August William, Prince Eitel Friedrich, Prince Oscar and Prince Joachim, sons of the emperor; Prince August William, Prince Frederick Leopold of Prussia, Prince George of Greece, Vice Chancellor Delbrueck and the Prussian minister of state, Paul von Breitenbach, have set the fashion of dirigible flights in court circles.

In Count Zeppelin's balloon, the Schwaben I, they cruised from Jahnsthal to Potsdam, where for a little they hovered over the royal palace.

OFFICERS DISCOVER
WOMEN GAMBLINGChicago Police Raid Flat in
Residence District.

Chicago, Nov. 7.—When Assistant Chief Schaeffer's new gambling squad broke down the doors of a flat in the West Side residence district they paused abashed. Instead of the usual assortment of men they had expected to find were seven women gathered about the paraphernalia of race pool rooms.

Seven women were arrested, one as the maker of a handbook and the others as inmates of a gambling house. One of those arrested as an inmate was seventy-two years old, the youngest was thirty-eight years, the others ranging over fifty years.

Chief of Police McWeeny issued an order that the custom of raffling off turkeys on Thanksgiving eve must not be practiced in Chicago this year.

"No turkey, duck, goose or other raffle in saloons or elsewhere for Thanksgiving or any other day will be permitted this year or any other year," read the order.

Fifty women, members of a club which was giving a bridge whist party with prizes of china, were interrupted in their game by the police, who cleared the clubrooms.

ENDS LIFE BESIDE BRIDE

Man in Despondent Mood Drinks Acid
in Bed.

Fergus Falls, Minn., Nov. 7.—Coroner Vigen was called to Pelican Rapids to investigate the death of Lewis Felber, who had committed suicide. Felber was about twenty-two years old and was married about a month ago. He has been rather unfortunate financially of late. He had talked of suicide, but no one took the talk seriously.

He awoke his young wife and then placed his hand over her mouth and asked her to say nothing. Almost immediately afterward he went into convulsions and died in a short time. He had taken carbolic acid.

PERSIA IGNORES DEMANDS

Will Not Apologize for Alleged Insult
to Czar's Minister.

Teheran, Persia, Nov. 7.—The Russian minister presented an ultimatum to the Persian government setting forth that unless the Persian minister of foreign affairs apologized for the alleged insult to the Russian vice consul, M. Petroff, on the occasion of the seizure of the property of Shuaes-Sultaneh, removed the treasury guards and reinstated the Persian conscripts formerly there, Russia would occupy the provinces of Gilhan and Mazanderan, in the north of Persia, bordering on the Caspian sea.

The government has decided not to comply with the Russian demand.

Foss Predicts 55,000 Majority.

Boston, Nov. 7.—Governor Eugene N. Foss predicted his re-election by 55,000 majority. His Republican opponent, Lieutenant Governor Louis A. Frothingham, declared that the Republicans would carry every county but Suffolk. Massachusetts voters will elect all state officers and a new legislature.

None are less eager to learn than they who know nothing.—Suard.

TWO TALES MEN UNDER FIRE

McNamara Jury Nearly Ready for
Peremptory Exceptions.

Los Angeles, Cal., Nov. 7.—The defense in the McNamara murder trial will seek to open the case of Talesman George W. McKee, accepted as to cause, and the prosecution will continue its examination of Talesman George W. Morton, reinstated after a challenge for implied bias was refused.

When court adjourned the state had found no ground for a challenge for actual bias and with these two incidental exceptions the jury was complete as to cause ready for peremptory challenges.

Little certainty was felt that any of the men now in the box would be on the final jury to try James B. McNamara for the murder of Charles J. Haggerty, one of the twenty-two victims of the Los Angeles Times explosion.

TWO CHILDREN SLAIN BY KIN

Wisconsin Lad and Montana Girl
Victims of Gun Accidents.

Waukesha, Wis., Nov. 7.—Otto August Rader, seven years old, son of Mr. and Mrs. Orren Rader of Lisbon, is dead as the result of a rabbit hunt. With his thirteen-year-old brother Harry he located a cottontail under a brush pile. The younger brother climbed on the pile and in the excitement he was shot and killed.

Butte, Mont., Nov. 7.—While members of the Harmon family at Lolo, Mont., were hunting Elizabeth, five years old, while playing with a rifle of small caliber, shot and instantly killed her three-year-old sister Ruth.

NEW YORK STATE ISSUES

Important Questions Involved in Pres-
ent Election.

New York, Nov. 7.—The state issue to be decided at the elections in New York state are whether the present Democratic control of the lower house of the legislature will be maintained, whether the salary of the governor shall be increased from \$10,000 to \$20,000 and that of state legislators shall be doubled and whether the state shall be bonded for \$19,800,000 for the construction of large canal terminals.

The fusionists and the regular Democratic organizations both predict victory by large majorities.

Aged Man Burned to Death.

Fort Dodge, Ia., Nov. 7.—Nels Trosset, aged seventy years, was burned to death in his own home at Duncombe, near here. The house in which he lived alone was found burning and was so far burned that no one could enter to rescue the aged man. The charred body was found in a bedroom.

Lease of Iowa Central.

New York, Nov. 7.—Committees of the Minneapolis and St. Louis and the Iowa Central railroads have concluded their negotiations and have arranged the details of the lease of the Iowa Central line to the Minneapolis and St. Louis company. A formal announcement of the plan was made.

The Nuremberg Gazette, founded in 1457, was the first newspaper printed from metal type with printing ink.

Chinese Government Removes
Muzzle From Press.

LONG STORIES OF MASSACRE

Rigorous Censorship Disappears and

Details of Hankow Atrocities Are Made Public—Journals Blame Imperialist Leader for Both Hankow and Shanghai Outbreaks—Animosity Towards Manchus Increases.

Peking, Nov. 7.—The removal of the rigorous censorship hitherto imposed on the Chinese press is a notable sign of the times. The Chinese papers publish with the greatest freedom long accounts of the Hankow massacres, giving the details and attributing the blame to the imperialist leaders for both the Hankow and Shanghai outbreaks. As a consequence of these publications there is increased animosity towards the Manchus.

The United States and Great Britain have decided to take effective measures for the protection of their people in China, in event of danger to foreigners, which, however, does not yet appear probable.

It is suspected that the regent's brother, Prince Tsai Saun, has left the country, as he has not been seen for three days. He obtained a month's leave from his post as acting minister of the navy.

A private letter from an officer of Yuan Shi Kai's staff says that the rebel leader, General Li Yuen Heng, makes twenty-five demands, the most important of which is that the imperial household shall proceed to Jehel, with the entire court, including the eunuchs, and shall remain there, receiving in turn adequate pensions from the new government, which is to be republican.

A special secret meeting of the national assembly decided to telegraph Yuan Shi Kai, explaining the fearfully involved condition of the political situation at Peking, which required the immediate presence of the premier. Otherwise the assembly would be unable to tide over the difficulties. A member of the assembly explains that this is a fair warning and that, if Yuan does not comply, another premier possibly may be appointed.

Consular reports from Mukden say many Chinese are fleeing into the country, believing the Manchus will retreat to Mukden and massacre the Chinese inhabitants.

The only demand the people have made lately which the throne has not granted is the punishment of officials responsible for the Hankow slaughter. Noting this the Chinese in Peking consider it a further proof of the throne's weakness, that it has not dared to antagonize any faction or party.

GO TO RECEIEVE RED HATS

Newly Designated Cardinals Will Sail
for Rome Nov. 14.

New York, Nov. 7.—Archbishop Farley, cardinal designate, will leave for Rome Nov. 14 on the Kronprinzessin Cecilie. On the same steamer will be

ARCHBISHOP O'CONNELL.

Monsignor Falconio, the papal delegate at Washington, who is also to be created a cardinal. Archbishop O'Connell, the other recipient of the red hat, will sail direct from Boston.

\$20,000 MAIL POUCH THEFT

Disappears in Manner Similar to That
of Lynchburg Loss.

Greensboro, N. C., Nov. 7.—That a United States mail pouch, routed from Raleigh to New York and containing \$20,000, disappeared two weeks ago in a manner similar to the recently reported \$20,000 theft of a pouch at Lynchburg, Va., became known here.

It is declared unofficially that the Raleigh pouch disappeared after being receipted for by a mail clerk on a northbound train passing here and that the clerk in whose custody it was last placed has been suspended from the service pending an investigation.

BRAINERD, MINNESOTA, TUESDAY, NOVEMBER 7, 1911

Price Two Cents

ANNULS GREAT NORTHERN GRANT

Court Cancels Title to Valuable Copper Property.

ALLEGED FRAUDS IN PATENT

Land Is Located in Washington State and Worth Six Million Dollars—Patent Was Granted to the St. Paul, Minneapolis and Manitoba, a Subsidiary of the Hill Line—Land Now Reverts to Government.

Seattle, Nov. 7.—By a decision handed down in United States district court here by Judge Hanford a patent granted by the government to the St. Paul, Minneapolis and Manitoba railroad, a subsidiary company of the Great Northern, to a tract of copper land at Belter, on the Skymosh in Snohomish county, was canceled. A deed given by the railroad company to the Cascade Power company was declared void. The land is worth \$6,000,000.

The decision is the outcome of a suit brought on July 24 by the Bunker Hill Smelting company, as an intervening claimant, and the United States government. The rights of the smelting company are not affected by the present decision.

The suit resulted from a dispute over the value of the land for mineral purposes.

The suit charged that Thomas A. Benton, agent for the railroad company, as late as 1905 took up the land in lieu of claims previously held by the company in the Dakotas and other states.

The complaint set forth that in 1907 the land, through fraud practiced by the defendant, was clear listed and patented. The fraud, it was charged, was contained in affidavits made at the time the patent was obtained that the land was nonmineral.

In contradiction of the sworn statement that the tract in contention contained no minerals it was set forth that the Bunker Hill company, prior to 1905, had acquired mineral claims in Snohomish county and had done \$15,000 worth of work upon them.

The land now will revert to the government.

Mr. Benton has denied there was any fraud. He has said when the land was released there was no evidence it contained mineral.

Province Secures Bonds

Important Railway Securities Case Decided in Alberta.

Edmonton, Alta., Nov. 7.—Justice Stuart of the supreme court of Alberta handed down a decision granting the province the right to collect from the Alberta and Great Waterways railway \$7,400,000, the proceeds from the sale of the company's bonds guaranteed by the province. In its decision the court states that the legislature did not go beyond its powers in repudiating the bonds.

The Alberta and Great Waterways Railway company was organized by W. R. Clark of Kansas City. The government guaranteed the bonds, which were sold to J. P. Morgan & Co. of New York.

Later, after a political turmoil during which the cabinet resigned and a special election was called, the legislature repudiated its guarantee. The proceeds of the bonds now are in Canadian banks.

RYAN LETS ALASKA LAND GO

Files Relinquishment on Controller Bay Tract.

Washington, Nov. 7.—Richard S. Ryan, alleged author of the famous "Dick to Dick" letter, which started the Controller bay investigation during the extra session of congress last summer, relinquished all claim to the fifty-six-acre tract on Controller bay, Alaska, known as the Canyon creek line terminal tract.

Mr. Ryan is president of the Controller Railway and Navigation company. The claim which he relinquished lies between the claims of J. J. Ryan and A. L. Scheer, which, it is conceded, were taken in the interest of the railway and navigation company, of which Mr. Ryan is head.

CALIFORNIA PIONEER DEAD

General Pratt Arrived in Frisco on First Steamer to Enter Harbor.

San Francisco, Nov. 7.—General William H. Pratt, who sailed into San Francisco harbor in the steamship California, the first steamer to enter the Golden Gate and who held his first federal office in this state by appointment of President Lincoln, is dead at his home in Easton, San Mateo county. He was eighty-four years of age.

General Pratt was one of the organizers of the Republican party in California.

Delay Richeson's Resignation.

Cambridge, Mass., Nov. 7.—While women cried and pleaded that nothing should be done to appear in any way prejudicial to his interests members of Immanuel Baptist church voted not to accept at this time the resignation of Rev. Clarence V. T. Richeson, pastor of the church, now in jail on the charge of murdering Avis Linnell. They decided to lay the matter on the table until Nov. 24.

ASSAULT CHARGE FAILS IN COURT

White Man Who Hit Booker Washington Goes Free.

PEEKING THROUGH KEYHOLE

Defendant Declares He Found Noted Colored Educator Peering Into His Apartment and the One Opposite on the Evening of March 19 Last and That Washington Started the Fight by Striking the First Blow.

New York, Nov. 7.—Booker T. Washington, the noted negro educator, failed to obtain satisfaction at law for the beating which he suffered at the hands of Henry A. Ulrich, a white man, Sunday evening, March 19 last. Ulrich was acquitted in the court of special sessions of the charge of assault which Dr. Washington had preferred against him.

After the fight, which started in the vestibule of an apartment house where Ulrich lived, Dr. Washington was at a hospital for several days with his right ear torn, his scalp cut and his face bruised.

Provocations which the defense attempted to show were based mainly on the testimony of Ulrich, who declared that he found Dr. Washington peeking into the keyhole of his apartment and also the one opposite, and that Dr. Washington struck the first blow; also the story of Mrs. Laura Alvarez, with whom Ulrich boarded. She swore that when she passed Dr. Washington he said to her, "Hello, sweetheart."

Dr. Washington's story on the stand was the same explanation he offered at the time of the altercation. He swore that he was not peeking into any keyhole; that he was only searching the tenants' directory in an effort to find a family with which he understood a friend was staying and denied positively that he had spoken to Mrs. Alvarez or any other woman.

The acquittal of Ulrich was not unanimous. Justice O'Keefe dissenting from the opinion of Justices Moss and Zeller. After Ulrich left the court he was arrested again, charged with being a fugitive from New Jersey, where an indictment has been found, charging him, with deserting his wife, who lives in Orange.

Dr. Washington had no comment to make on the outcome of his case.

MADERO IS INAUGURATED

New President Pile in Going Through Simple Ceremonies.

Mexico City, Nov. 7.—Francisco I. Madero was inaugurated president of Mexico, succeeding President De la Barra, who filled in the gap after the executive now sworn in had ended the rule of Porfirio Diaz. The ceremony, which was brief and simple, took place before the members of congress in the chamber of deputies.

The inauguration of Vice President Jose M. Pino Suarez has been postponed to a date not announced.

Senor Madero has laid aside his battle clothes and was attired in a frock suit. The oath was administered by the president of the chamber of deputies.

MICHIGAN MURDER MYSTERY

Woman Found Dead and Lodger Fatally Wounded.

Calumet, Mich., Nov. 7.—Dead, with two bullet wounds in her head, Mrs. Etta Karala, a widow, was found in her home at Franklin Junction, a small mining location near here, and lying by her side, probably fatally wounded, was Matt Hendrickson, with one bullet wound in the head.

Hendrickson informed the authorities that he found the woman dead when he entered the house and that he was shot by some unidentified person while he was looking at the body. Hendrickson roomed in the Karala home.

HEAVY RAILWAY CASUALTIES

Report Shows 10,396 Killed and 150,159 Injured in Year.

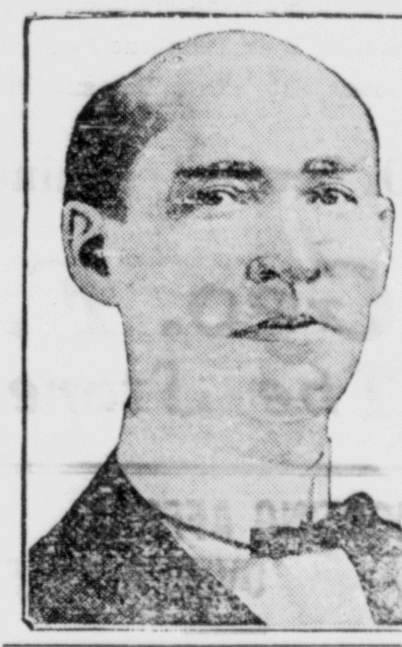

Washington, Nov. 7.—It's 1 to 458 that a railroad man will be killed on his job and 1 to 13 that he will be injured. The interstate commerce commission's report of railroad accidents during the twelve months ended on June 30 shows that ratio. During that period 10,396 persons were killed and 150,159 were injured on the railroads of the United States. However, of the number killed, only 386 were passengers and more than one-half the total number killed were trespassing upon railroads.

Favors Woman Suffrage.

Lansing, Mich., Nov. 7.—Governor Osborn in an interview said he hoped the women of the United States would succeed within ten years in procuring woman suffrage in every state. He said sentiment in favor of the movement was increasing in Michigan.

A. B. GARRETSON.

Head of Railway Conductors Criticizes Compensation Bill.

TAKES EXCEPTION TO BILL.

A. B. Garretson Sharply Criticizes Liability Measure.

Washington, Nov. 7.—The employees' liability and workmen's compensation commission bill was sharply criticized by A. B. Garretson, president of the Order of Railway Conductors, at the meeting of the commission. Mr. Garretson took especial exception to the compulsory feature of the bill, saying that with a small maximum payment for injury and a comparatively brief time of payment the employee would desire the privilege of a choice.

W. G. Lee, president of the Brotherhood of Railway Trainmen, endorsed the commission's plan.

STORIES DIFFER IN LORIMER INQUIRY

Several Witnesses May Be Prosecuted for Perjury.

Chicago, Nov. 7.—Possibility of perjury trials as an outgrowth of the federal senatorial investigation into the Lorimer election developed when two witnesses gave testimony directly in conflict with that of two former members of the Illinois legislature.

The question of veracity as disclosed by the record of the hearings is between John A. McNeill of Olney, Ill., and E. M. Rowland of Sterling, Ill., on one side, and Thomas Tiptit of Olney and William C. Blair of Mount Vernon, Ill., on the other side of the story.

Tiptit and Blair, former Democratic members of the legislature who voted for Lorimer, have repeatedly denied that they met on the morning of July 20, 1909. Later the same day Blair appeared at a baseball game at Centralia, Ill., and is said to have displayed eleven \$100 bills. The committee of federal senators has been trying to discover who gave this money to Blair on that date.

When Tiptit was called before the committee Oct. 25 and questioned closely regarding this reported meeting with Blair he replied in the following language:

"I state positively that I did not meet him (Blair) or see him or know that he was in Olney at any time in July, 1909."

McNeill testified as follows: "I met Blair on the street in Olney on the date in question and while I was walking with him Tiptit joined us, shook hands with me and Blair and then Blair and Tiptit left me and together walked in the direction of the First National bank."

E. M. Rowland of Sterling, Ill., formerly publisher of a newspaper at Olney, corroborated McNeill by testifying that he met Blair in Olney on the morning of July 20. He also identified a newspaper item which he wrote about Blair on that date and published in his paper.

PROBABLY FATALLY SHOT

Chicagoan Makes Good Boast to "Tackle an Armed Robber."

Chicago, Nov. 7.—Charles Schultz, a baker, made good a boast that he would not be afraid to "tackle an armed robber," and lies perhaps fatally wounded in a hospital.

Schultz had barely spoken the words when two highwaymen armed with revolvers walked into a Wentworth avenue saloon and ordered the baker, with several other men, to throw up their hands. Schultz sprang upon one of the thugs and tried to wrench the weapon from him. In the struggle that followed he was shot twice in the abdomen.

Falls Four Stories to Death.

Winnipeg, Man., Nov. 7.—W. A. Dixon, a cigar manufacturer, was stepping into the elevator in the Ashdown block when the man in charge failed to stop on a level with the floor. Dixon attempted to get into the space left between the elevator and the floor but slipped and fell four stories to the basement. His body was crushed. He was one of the largest manufacturers in the West and had been connected with the trade for twenty years. He was worth \$250,000.

EVERYBODY IS EAGER TO KNOW

People Asking All Sorts of Embarrassing Questions.

THE ERA OF INVESTIGATIONS.

Who Is Paying the Freight For Various Presidential Booms?—Long Distance Government—La Follette and Wiley as Presidential Ticket—Boosting Good Roads.

By ARTHUR W. DUNN.

Washington, Nov. 7.—[Special.]—Many questions are being asked these days relative to different political happenings. For instance, there are queries as to how vigorous the steel trust suit will be pressed and whether anything can be accomplished in it before the next election. Then there are inquiries as to who is paying the expenses of the rather elaborate bureau which is boosting the presidential aspirations of Senator La Follette. Likewise questions are asked as to how the headquarters at 42 Broadway, New York, where Wilson is being boomed for the Democratic nomination, are maintained.

The Democrats of the house of representatives are to blame. They began this investigation business. They made the question mark the symbol of politics. And now everybody feels privileged to ask how, what, why, where, etc., when anything develops in politics which is not fully understood. The questions are not without embarrassment, but the man who goes into politics cannot stop for a little thing like embarrassment.

Absent Treatment.

High officials of the government have shown a disposition to resent criticism of their absence from duty for such long periods as has become the fashion of late years. They maintain that they can take care of their departmental duties just as well when at their summer homes as if they remained in Washington during the hot summer season.

To a certain extent this is true. In fact, the government is such a well-organized machine that it would run along quite well if many of the officials never were near their offices. All that is necessary is that some one should be designated to sign the daily routine papers.

With all that has been going on abroad and all the important matters happening at home, there has been a general absence of high officials since congress adjourned. Occasionally a cabinet officer drifted in for a few days, but not because he was called here on public business.

An Afterthought.

"Here is something that the newspapers have not got on to," remarked a progressive politician. "Why have they not proposed a La Follette and Wiley ticket? That would be quite popular. By the way—that and here is the afterthought—'do you know whether Wiley is a Republican or a Democrat?'"

I said that Wiley was an intense Republican, but with many Democratic friends.

"That makes it all right, then. We could have a La Follette and Wiley ticket."

Alaska Self Sustaining.

Joseph A. Holmes, chief of the bureau of mines, who spent a large portion of the summer in Alaska, is confident that the big territory can be made self sustaining in the matter of food supplies. Reindeer can take the place of beef, and vegetables can be grown in large quantities. I recall a speech by George Vest in the senate on this subject when the Missouri senator ridiculed the idea of growing vegetables in Alaska.

"I have tried those vegetables," he said, "and they grow as large as anywhere on earth—immense potatoes, huge turnips and everything else—but they are nothing but water when cooked. There is no substance to them." Perhaps the agricultural department has found varieties that can be grown in far northern latitudes since Vest was in Alaska.

Take It Out of Politics.

Former Governor Gooding of Idaho, who is largely interested in wool growing, is a convert to the idea that the tariff should be taken out of politics. He will no doubt want a fair duty fixed on wool before that schedule is removed from political consideration, but he believes that if politics did not interfere there would be an adequate duty on wool. "What we want is something like stability in the wool business as in all other industries," said the ex-governor.

Booming Good Roads.

Of all the different booms and boosts which are backed by either politicians or press agencies none meets with less opposition than the movement for good roads. When it comes to making huge appropriations from the national treasury for this purpose it may be different, but at present all that seems to be in sight is just good roads. Everybody wants good roads—why, of course. Everybody is now helping along the movement and saying all he can about the value and necessity for improving the highways in every part of the country. After awhile the result of all this talk and sentiment will come forward in a bill for government money. Then it may be different.

Flowers in Tibet.

The highest point at which flowering plants have been found is in Tibet at 19,200 feet above the level of the sea.

PRINCE EITEL FRIEDRICH.

Emperor's Sons Have Set Fashion of Air Trips at Court.

PRINCES START AERO FAD

Kaiser's Sons Make Flight in Zeppelin Dirigible.

Berlin, Nov. 7.—Prince August William, Prince Eitel Friedrich, Prince Oscar and Prince Joachim, sons of the emperor; Prince August William, Prince Frederick Leopold of Prussia, Prince George of Greece, Vice Chancellor Delbrueck and the Prussian minister of state, Paul von Breitenbach, have set the fashion of dirigible flights in court circles.

In Count Zeppelin's balloon, the Schwaben I, they cruised from Johannisbad to Potsdam, where for a little they hovered over the royal palace.

OFFICERS DISCOVER WOMEN GAMBLING

Chicago Police Raid Flat in Residence District.

Chicago, Nov. 7.—When Assistant Chief Schaeffler's new gambling squad broke down the doors of a flat in the West Side residence district they paused abashed. Instead of the usual assortment of men they had expected to find were seven women gathered about the paraphernalia of race pool rooms.

Seven women were arrested, one as the maker of a handbook and the others as inmates of a gambling house. One of those arrested as an inmate was seventy-two years old, the youngest was thirty-eight years, the others ranging over fifty years.

Chief of Police McWeeny issued an order that the custom of raffling off turkeys on Thanksgiving eve must not be practiced in Chicago this year.

"No turkey, duck, goose or other raffle in saloons or elsewhere for Thanksgiving or any other day will be permitted this year or any other year," read the order.

Fifty women, members of a club which was giving a bridge whist party with prizes of china, were interrupted in their game by the police, who cleared the clubrooms.

ENDS LIFE BESIDE BRIDE

Man in Despondent Mood Drinks Acid in Bed.

Fergus Falls, Minn., Nov. 7.—Coroner Vigen was called to Pelican Rapids to investigate the death of Lewis Felber, who had committed suicide. Felber was about twenty-two years old and was married about a month ago. He has been rather unfortunate financially of late. He had talked of suicide, but no one took the talk seriously.

He awoke his young wife and then placed his hand over her mouth and asked her to say nothing. Almost immediately afterward he went into convulsions and died in a short time. He had taken carbolic acid.

PERSIA IGNORES DEMANDS

Will Not Apologize for Alleged Insult to Czar's Minister.

Teheran, Persia, Nov. 7.—The Russian minister presented an ultimatum to the Persian government setting forth that unless the Persian minister of foreign affairs apologized for the alleged insult to the Russian vice consul, M. Petroff, on the occasion of the seizure of the property of Shuaes-Sultaneh, removed the treasury guardarmes and reinstated the Persian consacks formerly there, Russia would occupy the provinces of Gilan and Mazanderan, in the north of Persia, bordering on the Caspian sea.

The government has decided not to comply with the Russian demand.

Foss Predicts 55,000 Majority.

Boston, Nov. 7.—Governor Eugene N. Foss predicted his re-election by 55,000 majority. His Republican opponent, Lieutenant Governor Louis A. Frothingham, declared that the Republicans would carry every county but Suffolk. Massachusetts voters will elect all state officers and a new legislature.

None are less eager to learn than they who know nothing.—Suard.

PAPERS FREELY PUBLISH NEWS

TWO TALES MEN UNDER FIRE

McNamara Jury Nearly Ready for Peremptory Exceptions.

Los Angeles, Cal., Nov. 7.—The defense in the McNamara murder trial will seek to open the case of Talesman George W. McKee, accepted as to cause, and the prosecution will continue its examination of Talesman George W. Morton, reinstated after a challenge for implied bias was refused.

When court adjourned the state had found no ground for a challenge for actual bias and with these two incidental exceptions the jury was complete as to cause ready for peremptory challenges.

Little certainty was felt that any of the men now in the box would be on the final jury to try James B. McNamara for the murder of Charles J. Haggerty, one of the twenty-two victims of the Los Angeles Times explosion.

TWO CHILDREN SLAIN BY KIN

Wisconsin Lad and Montana Girl Victims of Gun Accidents.

Waukesha, Wis., Nov. 7.—Otto August Rader, seven years old, son of Mr. and Mrs. Orren Rader of Lisbon, is dead as the result of a rabbit hunt. With his thirteen-year-old brother Harry he located a cottontail under a brush pile. The younger brother climbed on the pile and in the excitement he was shot and killed.

Butte, Mont., Nov. 7.—While members of the Harmon family at Lolo, Mont., were hunting Elizabeth, five years old, while playing with a rifle of small caliber, shot and instantly killed her three-year-old sister Ruth.

NEW YORK STATE ISSUES

Important Questions Involved in Present Election.

New York, Nov. 7.—The state issue to be decided at the elections in New York state are whether the present Democratic control of the lower house of the legislature will be maintained whether the salary of the governor shall be increased from \$10,000 to \$20,000 and that of state legislators shall be doubled and whether the state shall be bonded for \$10,000,000 for the construction of large canal terminals.

The fusionists and the regular Democratic organizations both predict victory by large majorities.

Aged Man Burned to Death.

Fort Dodge, Ia., Nov. 7.—Nels Trosset, aged seventy years, was burned to death in his own home at Duncombe, near here. The house in which he lived alone was found burning and was so far burned that no one could enter to rescue the aged man. The charred body was found in a bedroom.

Lease of Iowa Central.

New York, Nov. 7.—Committees of the Minneapolis and St. Louis and the Iowa Central railroads have concluded their negotiations and have arranged the details of the lease of the Iowa Central line to the Minneapolis and St. Louis company. A formal announcement of the plan was made.

A Newspaper Event.

The Nuremberg Gazette, founded in 1457, was the first newspaper printed from metal type with printing ink.

Chinese Government Removes Muzzle From Press.

LONG STORIES OF MASSACRE

Rigorous Censorship Disappears and Details of Hankow Atrocities Are Made Public—Journals Blame Imperialist Leader for Both Hankow and Shanghai Outbreaks—Animosity Towards Manchus Increases.

Peking, Nov. 7.—The removal of the rigorous censorship hitherto imposed on the Chinese press is a notable sign of the times. The Chinese papers publish with the greatest freedom long accounts of the Hankow massacres, giving the details and attributing the blame to the imperialist leaders for both the Hankow and Shanghai outbreaks. As a consequence of these publications there is increased animosity towards the Manchus.

The United States and Great Britain have decided to take effective measures for the protection of their people in China, in event of danger to foreigners, which, however, does not yet appear probable.

It is suspected that the regent's brother, Prince Tsai Saun, has left the country, as he has not been seen for three days. He obtained a month's leave from his post as acting minister of the navy.

A private letter from an officer of Yuan Shi Kai's staff says that the rebel leader, General Li Yuan Heng, makes twenty-five demands, the most important of which is that the imperial household shall proceed to Jehel, with the entire court, including the eunuchs, and shall remain there, receiving in turn adequate pensions from the new government, which is to be republican.

A special secret meeting of the national assembly decided to telegraph Yuan Shi Kai, explaining the fearfully involved condition of the political situation at Peking, which required the immediate presence of the premier. Otherwise the assembly would be unable to tide over the difficulties. A member of the assembly explains that this is a fair warning and that, if Yuan does not comply, another premier possibly may be appointed.

Consular reports from Mukden say many Chinese are fleeing into the country, believing the Manchus will retreat to Mukden and massacre the Chinese inhabitants.

The only demand the people have made lately when the throne has not granted is the punishment of officials responsible for the Hankow slaughter. Noting this the Chinese in Peking consider it a further proof of the throne's weakness, that it has not dared to antagonize any faction or party.

GO TO RECEIEVE RED HATS

Newly Designated Cardinals Will Sail for Rome Nov. 14.

New York, Nov. 7.—Archbishop Farley, cardinal designate, will leave for Rome Nov. 14 on the Kronprinzessin Cecile. On the same steamer will be

ARCHBISHOP O'CONNELL.

Monsignor Falconio, the papal delegate at Washington, who is also to be created a cardinal. Archbishop O'Connell, the other recipient of the red hat, will sail direct from Boston.

\$20,000 MAIL POUCH THEFT

Disappears in Manner Similar to That of Lynchburg Loss.

Greensboro, N. C., Nov. 7.—That a United States mail pouch, routed from Raleigh to New York and containing \$20,000, disappeared two weeks ago in a manner similar to the recently reported \$20,000 theft of a pouch at Lynchburg, Va., became known here. It is declared unofficially that the Raleigh pouch disappeared after being received for by a mail clerk on a northbound train passing here and that the clerk in whose custody it was last placed has been suspended from the service pending an investigation.

SHOOTING AFFRAY OVER A CALF

There is lodged in the county jail Will Clough, son of David Clough, accused of attempted assault on a man named Anez. The father of the boy is said to have used a shot gun on Anez, wounding him in the hand, as he came to his home at Cross Lake to settle a dispute over a calf. The elder Clough is said to be on his way to Brainerd to give himself up. Conflicting stories are told about the shooting and all the circumstances will not be known until the hearing is held.

A business man's Clothes usually tell what kind of a Business Man He Is!

It doesn't necessarily follow that he won't do business or won't succeed if he doesn't dress well, but it's pretty good evidence of his judgment, good taste and business sagacity if he dresses correctly and in conformity to prevailing style.

The Clothes we sell—the Clothes we have devoted so much time to selecting and investigating during the past six months, are pretty good evidence of what kind of business men we are; we're sure of that because they are made by

The House of Kuppenheimer

DUMAS CASE AT BRAINERD DEC. 6

George W. S. McClenahan Will Preside at This Second Trial of Cass Lake Mayor

STATE HAS TWENTY WITNESSES
Case Will be Called for Trial on Wednesday Morning, December 6, Attracting Much Interest

On Wednesday morning, December 6, the second Dumas case as it is popularly termed, will be called for trial in Brainerd and Judge W. S. McClenahan will preside, with Geo. Moody acting as court reporter. Dr. Dumas, accused of aiding and abetting the setting fire of a hotel and saloon known as the old Bacon Brown building in Blackduck, has been placed under \$3,000 additional bonds and will be tried on this charge at Brainerd when the district court next convenes. The case is expected to last two weeks. The state, it is said, will produce twenty witnesses whose testimony it is alleged will weave a web about the physician who has been tried at Bemidji on the charge of arson committed at Puposky. There have been, it is alleged, other persons implicated with Dr. Dumas in the alleged crime of arson committed at Blackduck and at the proper time their names will be disclosed. For the state the prosecution will consist of Assistant States Attorneys and Attorney E. E. McDonald, Bemidji. The state will gather its forces on December 5th and it is said it will be ready for trial on Wednesday morning, December 6.

SERIOUS CONDITION IS EXAGGERATED

Special by Phone to Dispatch:
Nisswa, Minn., November 7.—The latest reports sent out about the very serious illness of the Hon. Judd LaBoure appear to have been greatly exaggerated as the well known North Dakota senator is suffering solely from an attack of rheumatism which has been of annual recurrence, and though severe is not deemed to be a grave or serious nature. His many friends will be pleased to learn that his condition is better and hope the patient will soon be able to leave his summer home at Nisswa, north of Brainerd.

DISPATCH WANTS PAY—TRY ONE

"CHOOSING OF LINENS AND SILKS"

Mrs. Margaret J. Blair, of the University of Minnesota, Will Give Free Lecture on This Subject

Mrs. Margaret J. Blair, of the domestic art department of the University of Minnesota, will come to Brainerd next week under the auspices of the "Friendly Visitors of the Children's Hour" and deliver a lecture on the "Choosing of Linens and Silks." This will, in part, be the same lecture which she gave before the recent Federation of Women's clubs at Sauk Centre. Someone who heard her at that time says: "She tells us what we want to know and what we should know about this very practical and interesting subject."

Mrs. Blair is well and favorably known not only at the university, but in St. Paul and Minneapolis where she frequently addresses different groups of women. It is earnestly hoped that we will be able to show Mrs. Blair that the women of Brainerd as well as those in other parts of the state are intelligently interested in subjects pertaining to domestic arts.

The lecture will be given at Elks hall on next Thursday afternoon at four o'clock. If this lecture is well attended it may bespeak for us more good things along similar lines in the future. The women of the organization will kindly announce this to their friends. This lecture will be free.

As the lecture is Thursday afternoon doubtless many of the more intelligent maids will be glad to avail themselves of this opportunity.

Any gentlemen interested are cordially invited to attend.

Starts Much Trouble

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills and end it. It's the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at all druggists. tts

A Father's Vengeance

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. It's the best kidney medicine I ever saw." Backache, Tired feeling, Nervousness, Loss of Appetite, warn of kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware. Take Electric Bitters and be safe. Every bottle guaranteed, 50c at all druggists. tts

COUNCIL ORDERS RITARIS PAID

City Engineer Glass Renders Detailed Report on Third Street Paving Matter

ACRIMONIOUS DEBATE RESULTS

Council Adjusts the Oak Street Paving, Attorney Alderman Representing Many Petitioners

The council had an interesting session last evening and disposed of a lot of business. There were present President of the Council Rowley and Aldermen Elder, Fogelstrom, Webb, Dieckhaus, Henning, Olson, Anderson and Lagerquist. Alderman Purdy was absent.

The reading of the minutes was dispensed with.

Attorney S. F. Alderman was given the floor and he recited the condition of affairs obtaining in Southeast Brainerd in reference to the Oak street paving. In December 1908 the then council had authorized the paving of Oak street. 25 per cent of this cost was to be paid from the general fund. A year ago a re-assessment was ordered and the action of the previous council was ignored. "Gentlemen, make this allowance of the city council of 1908 and allow the taxpayers of Oak street to go over to the court house and pay up their taxes," said Attorney Alderman in conclusion.

After some discussion his request was acceded to and the council adopted a resolution authorizing the payment from the general fund of 25 per cent of the tax levied for that improvement.

City Engineer Glass gave a report on work to be done next spring and summer and offered the following suggestions:

1. The city's stone crusher is absolutely unfit for use and should be replaced by one of suitable kind and size.

2. As far as possible detail plans and specifications should be prepared this winter for all work of construction likely to be carried on in 1912. By advertising for bids early in the spring for a considerable quantity of work, lower figures should be obtained than during the latter part of the season when most contractors are busy.

3. I would ask that you provide my office with all the books required to be kept under the terms of the city charter of the ordinances. Also to provide the necessary filing cases and office devices so that the work can be handled with greater convenience and dispatch.

4. It is my firm conviction that our streets can be more economically paved or that for the prices we are now paying a more acceptable pavement can be built. I am particularly interested to see a pavement now being used extensively in Ann Arbor, Michigan, constructed in Brainerd. He asked permission to inspect different styles of paving in other cities.

5. He asked a revision of most of the ordinances affecting his duties.

6. Means should be provided for either a new bridge or a fill across the ravine on Kindred street.

7. The cost of making surveys in Brainerd is excessive, due to the scarcity of monuments and the fact that some appear to be unreliable. Additional monuments should be placed at every alternate block and the elevations carefully determined. Then profiles of the streets should be made and a careful record kept of all the data secured.

On motion the report was accepted and placed on file.

City Engineer Glass also filed a 20-page report on the Third avenue paving and no one could accuse him of not giving a detailed report on this occasion. He pointed out all alleged defects in the paving and workmanship and his correspondence with the Ritari Brothers in regard to the paving. Then followed the orders regarding the mixing of cement on Sunday, the taking care of grade stakes, the tarring of expansion joints, etc. He alleged there were 71 distinct defects in the paving.

"A self appointed corps of experts appeared before you," said Mr. Glass to the council, "and asked your approval of the contractor's work. I

DUMAS CASE AT BRAINERD DEC. 6

George W. S. McClenahan Will Preside at This Second Trial of Cass Lake Mayor

STATE HAS TWENTY WITNESSES
The case will be called for trial on Wednesday morning, December 6, attracting much interest.

On Wednesday morning, December 6, the second Dumas case as it is popularly termed, will be called for trial in Brainerd and Judge W. S. McClenahan will preside, with Geo. Moody acting as court reporter. Dr. Dumas, accused of aiding and abetting the setting fire of a hotel saloon known as the old Bacon Brown building in Blackduck, has been placed under \$3,000 additional bonds and will be tried on this charge at Brainerd when the district court next convenes. The case is expected to last two weeks. The state, it is said, will produce twenty witnesses whose testimony it is alleged will weave a web out of the physician who has been tried at Bemidji on the charge of arson committed at Puposky. There have been, it is alleged, other persons implicated with Dr. Dumas in the alleged crime of arson committed at Blackduck and at the same time their names will be disclosed. For the state the prosecution will assist of Assistant States Attorneys and Attorney E. E. McDonald, Bemidji. The state will gather its forces on December 5th and it is said it will be ready for trial on Wednesday morning, December 6.

ERIOUS CONDITION IS EXAGGERATED

Special by Phone to Dispatch:
Nisswa, Minn., November 7.—The latest reports sent out about the very serious illness of the Hon. Judd LaBoure appear to have been greatly exaggerated as the well known North Dakota senator is suffering solely from an attack of rheumatism which has been of annual recurrence, and though severe is not deemed to be a grave or serious nature. His many friends will be pleased to learn that his condition is better and hope the patient will soon be able to leave his summer home at Nisswa, north of Brainerd.

SPATCH WANTS PAY—TRY ONE

"CHOOSING OF LINENS AND SILKS"

Mrs. Margaret J. Blair, of the University of Minnesota, Will Give Free Lecture on This Subject

Mrs. Margaret J. Blair, of the domestic art department of the University of Minnesota, will come to Brainerd next week under the auspices of the "Friendly Visitors of the Children's Hour" and deliver a lecture on the "Choosing of Linens and Silks." This will, in part, be the same lecture which she gave before the recent Federation of Women's clubs at Sauk Centre. Someone who heard her at that time says: "She tells us what we want to know and what we should know about this very practical and interesting subject."

Mrs. Blair is well and favorably known not only at the university, but in St. Paul and Minneapolis where she frequently addresses different groups of women. It is earnestly hoped that we will be able to show Mrs. Blair that the women of Brainerd as well as those in other parts of the state are intelligently interested in subjects pertaining to domestic arts.

The lecture will be given at Elks hall on next Thursday afternoon at four o'clock. If this lecture is well attended it may bespeak for us more good things along similar lines in the future. The women of the organization will kindly announce this to their friends. This lecture will be free.

As the lecture is Thursday afternoon doubtless many of the more intelligent maids will be glad to avail themselves of this opportunity.

Any gentlemen interested are cordially invited to attend.

Starts Much Trouble

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills and end it. Its the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at all druggists.

A Father's Vengeance

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of Kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. Its the best Kidney medicine I ever saw." Backache, Tired feeling, Nervousness, Loss of Appetite, warn of Kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware. Take Electric Bitters and be safe. Every bottle guaranteed, 50c at all druggists.

COUNCIL ORDERS RITARIS PAID

City Engineer Glass Renders Detailed Report on Third Street Paving Matter

ACRIMONIOUS DEBATE RESULTS

Council Adjusts the Oak Street Paving, Attorney Alderman Representing Many Petitioners

The council had an interesting session last evening and disposed of a lot of business. There were present President of the Council Rowley and Aldermen Elder, Fogelstrom, Webb, Dieckhaus, Henning, Olson, Anderson and Lagerquist. Alderman Purdy was absent.

The reading of the minutes was dispensed with.

Attorney S. F. Alderman was given the floor and he recited the condition of affairs obtaining in Southeast Brainerd in reference to the Oak street paving. In December 1908 the then council had authorized the paving of Oak street. 25 per cent of this cost was to be paid from the general fund. A year ago a re-assessment was ordered and the action of the previous council was ignored. "Gentlemen, make this allowance of the city council of 1908 and allow the taxpayers of Oak street to go over to the court house and pay up their taxes," said Attorney Alderman in conclusion.

After some discussion his request was acceded to and the council adopted a resolution authorizing the payment from the general fund of 25 per cent of the tax levied for that improvement.

City Engineer Glass gave a report on work to be done next spring and summer and offered the following suggestions:

1. The city's stone crusher is absolutely unfit for use and should be replaced by one of suitable kind and size.
2. As far as possible detail plans and specifications should be prepared this winter for all work of construction likely to be carried on in 1912. By advertising for bids early in the spring for a considerable quantity of work, lower figures should be obtained than during the latter part of the season when most contractors are busy.

3. I would ask that you provide my office with all the books required to be kept under the terms of the city charter of the ordinances. Also to provide the necessary filing cases and office devices so that the work can be handled with greater convenience and dispatch.

4. It is my firm conviction that our streets can be more economically paved or that for the prices we are now paying a more acceptable pavement can be built. I am particularly interested to see a pavement now being used extensively in Ann Arbor, Michigan, constructed in Brainerd. He asked permission to inspect different styles of paving in other cities.

5. He asked a revision of most of the ordinances affecting his duties.
6. Means should be provided for either a new bridge or a fill across the ravine on Kindred street.

7. The cost of making surveys in Brainerd is excessive, due to the scarcity of monuments and the fact that some appear to be unreliable. Additional monuments should be placed at every alternate block and the elevations carefully determined. Then profiles of the streets should be made and a careful record kept of all the data secured.

On motion the report was accepted and placed on file.

City Engineer Glass also filed a 20-page report on the Third avenue paving and no one could accuse him of not giving a detailed report on this occasion. He pointed out all alleged defects in the paving and workmanship and his correspondence with the Ritari Brothers in regard to the paving. Then followed the orders regarding the mixing of cement on Sunday, the taking care of grade stakes, the tarring of expansion joints, etc. He alleged there were 71 distinct defects in the paving.

"A self appointed corps of experts appeared before you," said Mr. Glass to the council, "and asked your approval of the contractor's work. I

tained that City Engineer Glass's report had been ignored, that in the absence of the chairman of the special committee further time should have been granted for investigation and the making of a written report, that the exact yardage of the contractor was not known and that they did not believe in such unreasonable haste.

The Liquor License applications of Bosley and Anderson, Maurice LaMoine and Iver Holden were granted.

The city clerk's report of receipts and disbursements for the month ending October 31, 1911, was as follows:

RECEIPTS	
Court fees	43.05
Court fines	55.00
Daily balances	11.37
Licenses, liquor	450.00
Licenses, plumber	25.00
Licenses, pool table	5.00
Licenses, peddler	10.00
Mortgage fees	3.05
Rent of city scales	8.33
State fees	2.00
State fines	25.00
10 per cent liquor licenses	50.00
Transferred to cur. exp. fund from revolving fund account preliminary expense on construction of sewers	1,152.64
Total receipts	\$1,940.44

DISBURSEMENTS	
Bond interest fund	\$ 626.56
Current expense fund	2,659.87
Library fund	85.05
Revolving fund	9,616.90
Sinking fund	987.50
Total disbursements	\$13,975.88

The report, on motion, was accepted and placed on file.

The report of City Treasurer A. M. Opsahl was as follows, being dated November 1, 1911, and showing this balance:

Bond interest fund	\$ 84.85
Current expense	7,396.35
Cochrane judgment	20.78
Electric light and water	13,004.28
Fireman's relief fund	883.17
Library fund	229.80
Lateral L	5.79
Lateral K	183.54

Public building fund	1,712.35
Park fund	95.32
Revolving fund	44.15
Revolving bond interest fund	1,072.05
Sewer No. 1	75.31
10 per cent of liquor license	1,317.92
13th street fund	110.00
Total	\$27,340.25

Deposited as follows:
Brainerd State bank \$ 5,341.45
Citizens State bank 11,036.44
First National bank 10,962.36

Total \$27,340.25
Engineer Glass submitted his estimate of the cost of improving Third avenue from Kindred street to Ash avenue as follows:
Total estimated cost \$13,498.99

Portion in front of abutting property 10,164.74
Portion required for streets and public grounds 3,334.25
Attached thereto was a list of property owners giving a total frontage of 4,330 feet. The estimate was received and placed on file.

The pay roll of the city officers for October \$241, was allowed, also the rent of city hall \$50; pay roll fire department \$155; police department \$410; special police \$630; hydrant rental \$175 and other routine bills.

The water and light board bills for electric light in alleys, bridges, ornamented lamp posts and Gregory square was referred to the electric light committee.

C. E. Peabody was ordered paid (Continued on page 4)

Some facts proven to and acknowledged by many Brainerd women concerning the

Peerless Steam Washer

Which is on exhibition in
McNamara's Furniture Store

All are invited to inspect this household necessity

Dear Sir:

It gives me great pleasure to recommend your Peerless Steam Washer. As the demonstration which you made at my home has thoroughly convinced me of the extremely fine qualities which your washer has.

It washes colored clothes, as well as the white ones and cleans them to my entire satisfaction, without the least bit of rubbing.

Among other things a large rag rug was washed also some painters overalls and childrens colored clothes. They all came out perfectly and looked very nice.

In view of the fact that the washer does such fine work I will order one of them.

Yours truly,
MRS. A. M. WALLACE.

JOHN CARLSON

TELLS HOW TO CURE A COLD

Surely Breaks the Most Severe Cold and Ends Grippe Misery in Just a Few Hours

The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatic pains and other distress vanish.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Balked at Cold Steel

Shares one dollar (par value fully paid and non-assessable) one tenth cash and one tenth per month. The company now has two properties that they are drilling and are getting good iron ore in both. They have bought six forty-acre tracts outright and have two drills running and are going to put on another one. The shares that are being sold are for the purpose of paying for exploration work and buying fee interests in iron lands.

Call and look over my list of large and small farms and lake frontages, houses and nice building lots. Do not wait, you can buy now much cheaper than you can in the spring.

E. C. BANE
Bane Block, Tel. 248

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called **REXAL** Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store.

COUNCIL ORDERS

RITARIS PAID

(Continued from page 3)

\$54.50 for the windmill tower.

A resolution was adopted that a lateral sewer be constructed through block 112, permission being given the property owners on the east side of the block, the work to be done under the supervision of the city engineer.

The assessment covering the establishment of a district sewer in district No. 4 was adopted.

The assessments covering the establishment of lateral sewer A1, A2 and A3 in sewer district No. 5 were adopted.

The water and light board was authorized to expend not to exceed \$550 in the extension of light service to the mill district.

City Attorney Ryan called attention to the notice of the application to vacate the plat of Spring Brook addition to Brainerd as printed in a Pequot paper, Rudolph J. Hartley being the petitioner.

"If it is the desire of the council to interpose a defense," said Mr. Ryan "I will of course, be very glad to look into the matter and do what I deem advisable. At the present time, there is only one possible reason that suggests itself to me why the vacating of this plat should be opposed by the city.

"In the event that an iron mine would be established on that land, if it remains a part of the city and within the corporate limits thereof, the taxation on the iron mine would of course accrue to the benefit of the city.

"On the other hand if this proceeding is successful and this addition is vacated, the city loses the taxable value should an iron mine be located thereon."

The matter was referred to the finance committee to act in conjunction with the city attorney and report at the next meeting.

On motion of Alderman Dieckhaus seconded by Alderman Elder the city's annual light rate for light used by its departments was placed at 3 1-3 cents per kilowatt hour, all voting in favor of it.

TEN YEARS IN STORAGE

Wadena Egg, Dated and Marked, Bobs up Again in Home Town, Seemingly as Good as Ever

Eggs, as every one knows, are scarce at Wadena and at Brainerd, and the demand for fresh eggs can scarcely be met.

Being unable to secure enough eggs in the Wadena market to meet the demand, Rice & Blaha, the Wadena merchants, ordered several cases of storage eggs from a well known commission house of Minneapolis.

Yesterday near the bottom of one case Mr. Rice found an egg marked "F. W. Rice, Wadena, July 2, 1901."

Mr. Rice examined the egg closely and is sure that the writing is that of his brother, Frank W. Rice, who was in his employ in 1901. Evidently in packing the eggs for shipment to the Minneapolis commission house, Frank Rice had marked the eggs as above indicated.

Now after ten years, the eggs that Mr. Rice sold came back to him, having lain for ten years in storage. Much has been heard about the storage of eggs and other products and complaints have been general because of the unwholesome character of storage products.

The egg incident above related would seem to indicate that the prejudice against storage products is well founded. An egg that has lain in cold storage for ten years may be good to eat, but the average person would hardly like to tackle it.

Of course, the dispute about the edibility of the egg cannot be settled until some one breaks the shell of the aged Enoch Arden which has come back to the store it started from and eats the marked egg. That will tell the story.

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store. Johnson's Pharmacy, 222 7th St. S.

COUNCIL ORDERS

RITARIS PAID

(Continued from page 3)

\$54.50 for the windmill tower.

A resolution was adopted that a lateral sewer be constructed through block 112, permission being given the property owners on the east side of the block, the work to be done under the supervision of the city engineer.

The assessment covering the establishment of a district sewer in district No. 4 was adopted.

The assessments covering the establishment of lateral sewer A1, A2 and A3 in sewer district No. 5 were adopted.

The water and light board was authorized to expend not to exceed \$550 in the extension of light service to the mill district.

City Attorney Ryan called attention to the notice of the application to vacate the plat of Spring Brook addition to Brainerd as printed in a Pequot paper, Rudolph J. Hartley being the petitioner.

"If it is the desire of the council to interpose a defense," said Mr. Ryan, "I will of course, be very glad to look into the matter and do what I deem advisable. At the present time, there is only one possible reason that suggests itself to me why the vacating of this plat should be opposed by the city.

"In the event that an iron mine would be established on that land, if it remains a part of the city and within the corporate limits thereof, the taxation on the iron mine would of course accrue to the benefit of the city.

"On the other hand if this proceeding is successful and this addition is vacated, the city loses the taxable value should an iron mine be located thereon."

The matter was referred to the finance committee to act in conjunction with the city attorney and report at the next meeting.

On motion of Alderman Dieckhaus seconded by Alderman Elder the city's annual light rate for light used by its departments was placed at 3 1-3 cents per kilowatt hour, all voting in favor of it.

Venice.

Venice became a maritime power in 1158. In the thirteenth and fourteenth centuries she was mistress of the seas.

ROYAL BAKING POWDER

Indispensable to the housewife who takes pride in her baking

With no other baking powder can biscuit, cake and hot-breads be made so pure, healthful and delicious

The only Baking Powder Made from Royal Grape Cream of Tartar—made from grapes—
